The Building and Loan Association of Hickman, Tenn., has already furnished a home for about 80 persons, and has been in operation only 5 years.

Every man has his own home here, when it can be so easily secured. A series of meetings have been opened recently, which has been in successful operation five years.

Experience shows that shares of stock in the Building and Loan Association, in either 5 or 10 years, are an average. Each member can buy up to the full amount of his loan.

Even a man who has no money to start, can obtain a loan of \$1,000 at once, purchase or build a home, move in and pay the association monthly interest, with interest.

In eight or ten years he owns the house in the first example. Or he may pay his loan off earlier, and receive a sum which is net, and asking him to a healthy activity.
